

Returning Grantee Application

This application may be used when a grantee is applying to continue a program which was already supported for at least 2 years. The grantee should submit a written report on the prior year following the reporting outline on the website.

The short application should include:

- Has the identified problem changed?
- Have your objectives changed?
- Will your efforts/actions to impact the problem change? Describe.
- How will you know if the program is successful?
- A program budget and amount of request.

Please try to keep the application under 3 pages. You are welcome to contact FFA if you have questions.
