Notes from Susan: It is exciting to see the ARCH program being replicated. This project reflects the hard work that Callie (NYYM) and NEYM to create a model that works for both organizations. Very aligned with FFA intent to have impact on aging Friends.

I recommended that they apply just for first year funding so we can make adjustments after 1 year if necessary, knowing that we understand that it takes more than a year to establish a new program. NEYM is contributing the indirect support (office, communications, etc). The remaining funds from a previous FFA grant do not appear on my lists.

DEI- YM engaging consultants to help YM and MM with antiracism. Gatherings of Friends of Color.
